

**Bouldering International Routesetting Course 2011 –
FONTAINEBLEAU - FRA, December 5-10**

This year the Bouldering International Routesetting Course will take place in Fontainebleau in the training center of the French bouldering team.

Each National Federation is in charge to apply for this course for its National Routesetters.

In 2012 the Lead International Routesetting Course will be held in France. The venue and details will be communicated by the end of 2011.

Important note: After the course and validations, it will be possible for the International Bouldering Routesetters to set in lead provided that they had 5 more practical experiences during an international lead competition with a positive report from an official Lead Chief Routesetter.

Venue

Centre National des Sports de la Défense (C.N.S.D.)

The C.N.S.D. is located in Fontainebleau, at 30 km from Orly airport and 30mn from Paris - Gare de Lyon.

If you wish to travel by train please click [here](#) to download the timetable.

If you prefer to travel by car instead, please see the map below:

Applications

Please confirm as soon as possible, not later than **March 15th**, to j.godoffe@ffme.fr including:

- a personal motivation letter explaining why you wish to attend the course, what you want to do with it and what is your vision of a Chief Routesetter
- your level in bouldering . At least 7c+
- your experiences as Routesetter before this course (national level is a minimum)

Each application will receive a personal answer and the official convocation to the course.

A maximum of 15 applications will be accepted.

For any queries or doubts, please contact Jacky Godoffe (j.godoffe@ffme.fr).

Evaluation of route setters during the course

| | |
|---|---|
| Results during the course | * inadequate / ** acceptable / *** good level |
| Fast and good work during the course | |
| Boulders quality by: -Pleasure to climb -Good for an exciting show -No judging problems -Personal creation | |
| Ability to climb and have an opinion | |
| Adaptation of boulders for climbers | |
| Results to questions about rules | |
| Ability to manage a team | |
| Ability to integrate all team | |
| Ability to have an objective opinion on created boulders (estimate of what may happen) | |

Routesetters will be evaluated in a continuum according to the boulders they will create and observing how they will work during test sessions with climbers of the French team.

A specific evaluation on rules will be prepared (setters will be in situation of judging at least one time during the course)
